

Human Resources Management Welcomes Summer Rhodes

Summer Rhodes joins the Benefits team as our newest Human Resources Specialist. Summer comes to MSU from a local State Farm agency. At State Farm, Summer wrote all the policies for her customers and loves helping people. She also loves numbers and problem solving.

Summer graduated from Nanih Waiya High School and took some coursework toward Nursing before she decided to go into Insurance. When she is not pouring over those numbers, she loves spending time with her family and get muddy riding 4-wheelers.

If you need a favor, (or if you just want to be nice), Summer's caffeinated beverage of choice is

Mountain Dew and Starburst or Sour Skittles would be a couple of recommendations for her sweet tooth. One thing to know about Summer is while she may seem quiet when you first meet her, she will do whatever she can to help you.

Her office is located in the 150 McArthur Hall suite.
